LETTER FROM THE CHAIRMAN

From the first day of launching the group we have decided to be one of the leaders in the development of Qatar and UAE, and contribute to the growth of the national economy. We are accomplishing these goals by adopting some of the highest standards of innovative and distinctive development.

Creating a clear vision, developing growth teams, opening communication, expanding an attitude of empowerment and leadership by example, pushing our team, raising the bar, and setting challenging goals contribute to the direct responsibility for making this plan a success.

Communicating our partnership to all employees and outlining our role in the partnerships is a major essence for our company to focus on growth personally and professionally.

We analyze the entire industry for growth opportunities, such as new technologies, emerging market segments, new customer applications, and expanding geographic markets, all to contribute in broadening our industry perspective.

Sincerely,

THE CHAIRMAN

VISION

"We bring communities to life in perfect balance."

MISSION

To provide quality construction services that will exceed our client's expectations and to be the optimum contactor of choice in our region.

OUR COMMITMENT

Qatar OSHA's commitment to quality products, superb services and customer satisfaction translated into continued success for its various business ventures.

In addition, Qatar OSHA exposure to the international market, expertise with the Middle East social and economic structures, as well as our familiarity with current trends and needs enabled us to deploy all the elements of any successful business.

BUSINESS CONDUCT

Establishing a partnership with business entities that share our philosophy of offering quality products and services to our clients, developing joint business values, and attaining to the most profitable outcome and results.

Following honest business values, while staying up-to-date with market demands, and implementing the latest in technology changes and trends.

Keeping in line with the spirit of which Qatar OSHA was founded on to assist in community development in the region at large.

Our continuous commitment to development and refine consumer loyalty and commitment as we offer new products and services in the region.

CORPORATE PHILOSOPHY

At Qatar OSHA, we believe in providing a balanced lifestyle, we need to consider all key components of the well being, as we analyze and ensure that our developments cater to the needs of residents in these areas, that's why our architects strive to create environments that promote healthy minds and bodies, facilitate interaction and inspire the spirit through beautiful and environmentally friendly design, in line with the above stated, clear vision of life in perfect balance.

This level of rigorous analysis, comprehensive planning and attention to detail sets the group apart as a visionary and customer -focused developer.

Our projects utilized innovative design, state-of-the-art technology and the latest construction techniques to meet the core needs of residents.

In addition to upholding the highest standards of performance in all our ventures with the "Mark of Excellence", we foster an open and rewarding workplace environment and strive to enable all our employees to realize their full potential.

QUALITY ASSURANCE

The priority of our company is the quality of the service and the products. To reach our objectives, we have organized ourselves in order to control all the technical, administrative and human elements that affect the quality. Detailed specifications have been created for all our processes and products. The total is described in procedures and these are supplemented with working instructions for all relevant departments. All changes and additions are publicized and are carried out according to the procedures. The continual monitoring of processes and products allows the continuous introduction of improvements.

GREEN AWARENESS

With a strong orientation towards environmental issues, Qatar OSHA'S commitment to comply with both environmental preservation and environmental regulations was and will be on our priority list.

Our global commitment to protect the environment focuses on our two key green initiatives; to establish our credibility as an environmentally friendly, highly efficient products/services that both have a positive green impact and offer economic benefits to our customers.

Our broad ecosystem offers unique opportunities to drive green benefits across suppliers and customers. And our collaboration with industry associations, government agencies, suppliers, and customers will spur improved products and solutions with measurable benefits to both environmental and bottom line.

Our goal is to enable our customers to get more done using less power and resources.

Consequently we are proud to maintain the four pillars of Green Awareness:

- Collaborate with industry associations, government agencies, suppliers and customers
- Identify the significant environmental issues associated with our products and operations
- Deliver solutions that reduce environmental impacts
- Measure success using economic and environmental indicators

QATAR OSHA GROUP

Our Group in UAE was established in 2001 as a trading enterprise and ever since the group has registered phenomenal growth.

The group's ongoing development made it possible to establish itself as one of the leading business house in the United Arab Emirates. Today, it operates collectively over 7 companies.

QATAR OSHA CONTRACTING AND TRADING COMPANY

Qatar OSHA General Contracting and Trading is a dynamic and progressive company, specialized in the construction field.

With our aim to maintain and build high reputation accompanied with client satisfaction, we commit ourselves to the highest standards of performance, achievements, and transparency.

OSHA CONTRACTING COMPANY (DUBAI)

OSHA Contracting Company is committed to surpassing the expectations of our clients, subcontractors and suppliers by developing relationships through integrity, professionalism and service which yields the highest quality construction projects.

The OSHA Contracting Company team is made up of over customers who see to it that our customers receive the very best. OSHA Contracting Company is quality individuals producing quality projects. Evidence is our goal as well as our obligation to our clients, from pre-construction until project completion. OSHA Contracting Company is committed to exceeding our clients' expectations. Through each process of the construction process provided by our organization, we maintain and set the industry standards for professionalism and integrity. Our goal is to ensure that our clients achieve their goals.

OSHA Contracting Company works closely with the Architect and Engineers to ensure a quality project through the preparation of detailed and comprehensive project budgets and construction schedules. We develop the most beneficial sequence of construction to meet the needs of the client. OSHA Contracting performs detailed review of the plans and specifications. Most reviews occur in cooperation with the Client and the Architect ensures the construction documents will yield better subcontract pricing and minimize change order requests during the project. With our experience, we have a thorough understanding of the special needs of our clients for accuracy in planning, budgeting, and scheduling of the construction project.

OSHA Contracting views to be recognized as a top general contractor. Our experience and reputation is built on fulfilling our clients' needs. As a full-service construction provider, we work closely with the project team from project conception to project completion. We perform all of the office support, field administration, supervision, coordination and scheduling of work ourselves and will typically perform specific trade work (i.e. foundations, concrete, formwork, carpentry, layout, millwork, accessories, hardware, etc.) with our own forces.

OSHA SECURITY SYSTEMS

Qatar OSHA Zoom Tech is in the business of selling, installing and maintaining all kinds of security systems. Banks, hotels, warehouse and money exchanges, commercial and residential complexes are all benefiting from our security services in the market, which encompass access controls, CCTV systems, intruder alarms, voice evacuation systems.

We have developed strong partnerships with major international security manufacturer in order to bring to the market the most advanced and competitively priced products along with professional back-up services.

Zoom Tech Installation and maintenance division has over 25 field engineers and technicians under its control. Regular factory training by our suppliers and partners ensures our staff is always up to date on the latest equipment.

Zoom Tech is your source for professional-grade CCTV video equipment including high resolution video cameras, VCR and DVR video surveillance recorders, high power wireless audio/video link systems, and much more.

At Zoom Tech we believe that it is important to provide specialist skills and knowledge in every field of security. This is why we have chosen to provide a full integrated security system and Audio Video service to our customers.

Our team of professionals will provide you with the best advice available and select only the most appropriate equipment for your application.

Ensuring that your system operates as a profit center for your business is foremost in our mind. Therefore our team will design a system that provides you and your business with the benefits you need to enhance your profits while protecting you against loss and potential loss.
